

## *MUAST donates blankets and fruits to Marondera Provincial Hospital*

Marondera University of Agricultural Sciences and Technology donated blankets and fruits to Marondera Provincial Hospital on 29 July 2022. The University made this donation courtesy of the Faculty of Agribusiness and Entrepreneurship as part of its Corporate Social Responsibility initiatives. In a bid to harness the Education 5.0 Phi-

losophy by the Ministry of Higher and Tertiary Education, Innovation, Science and Technology Development and to plough back to the community where its students are coming from, Marondera University of Agricultural Sciences and Technology donated blankets and fruits.

The team was led by the Facul-

ty Dean Dr. Hove. Other members who were part of the delegation included Acting Chairperson in the Department of Marketing Mr. Nyagadza, Acting Chairperson in the Department of Development Sciences, Dr. Hlungwani, and two lecturers in the Department of Agribusiness Management Mr. Mavhiya and Mr. Mapfumo.

“We believe in community service, that’s why we have decided to donate the blankets and fruits to the children”, said Mr. Nyagadza.

The team distributed the fruits amongst the children in the Children’s Ward. This gesture of kindness was received with appreciation. Dr Dhege said MPH appreciate MUAST’s efforts. He fur-

ther noted that it was a good thing to remember the young children during their time of need.

The team also prayed for the sick children. Mr Nyagadza preached the word of God to the children, their parents and guardians.

Everyone was grateful for the MUAST gesture. Faculty Dean, Dr Hove highlighted that MUAST is willing to work with communities as part of its Corporate Social Responsibility drive to implement all the pillars of Education 5.0. She further noted that the University is determined to do more community engagements that will contribute positively to the growth of the province.
